# Announcement.

T J. J. B. May 6-12 N CHANGING our name from the Big Four to the Little Gem Brand Book, we have endeavored to make a better book or directory for the cowmen than we have done in years past. We have expended a great deal of money and some fourteen months time, and are still ready to spend our time and money to make this the only open Brand Book and Directory for the Ranches and Cattle Country that we are entitled to invade by the Copyright Laws of the United States.

As will be seen on the title page, the Little Gem Brand Book was copyrighted under the Act of Congress, May 11th, 1900. Said copyright is good for twenty-five years and we shall prosecute any and all persons who infringe either upon the title, the style of make-up, or any other matter that would copy after or try to be a fac-simile of the book or contents.

Our book for 1901. Vol. II, No. 1, will contain an index and the Brands of Cattle and Horses of the range districts in Idaho, Oregon, Washington, Nevada, Utah, Western Colorado, Western Montana and Western Wyoming (where the water runs south and west).

Vol. III, No. 1, 1902, will contain brands of cattle and horses of the range districts in Arizona, New Mexico and Texas.

Vol. IV, No. 1, 1903, will contain brands of cattle and horses in the range districts in Oklahoma, Indian Territory, Kansas, Nebraska and Eastern Colorado.

For each succeeding volume we shall announce in due time the states and territories through which we shall work.

Those wishing their stock cuts can have them for the trouble of packing and postage. They are nice to use on your letter heads or other stationery. We have reserved them all; price \$1.00 delivered.

# Standard Scales

OF ALL DESCRIPTIONS.

Best Quality at Lowest Prices. Always  
Awarded Highest Prize. Stock Scales  
Require no Pit.

---

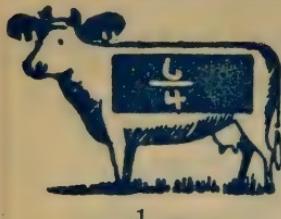

Our Wagon or Stock Scales are the Simplest, Strongest and Most Durable Made. They are easily set up and taken apart to move from one place to another, if wanted. We furnish material with right to use the Royal Scale Rack, which is hinged to the platform of the Scales, and can be opened to weigh Hay or closed to weigh stock in one minute, without changing the balance of the Scales. We furnish Steel Frames if wanted, at about the cost of material. With these everything is complete for weighing, except plank to cover platform. The scale can be set up or taken apart in half an hour.

If you want the best Scales at moderate prices, write us.

We Make Saddles, Best on Earth.

**Padgitt Bros., Dallas, Texas.**

Dallas Exposition and Texas State Fair—  
First Premium, 1895, 1896, 1897, 1898, 1899.

**PATENTED**

The above cut shows our specialty. Front portion is rigid back to the dotted lines; this is the stay and strength. Rear portion is made of sole leather; this is for the ease of horse and rider, as it conforms to both.

Best grades are for stock work; guaranteed to retain their shape and not break either from getting wet or hard work. The trees have been tested since 1895. Still we cater to the wants of Stockmen under a guarantee. Its time for the skeptic to stand aside.

We embrace Quality, Durability, Strength and a very easy rider.

Bend of Tree Bar and Dish in Cantle fits horse and rider.

We make Saddles on Wood Trees. Take your choice.

**W**HEN breeding cattle why not raise the kind that always tops the market; they are always ready for the butcher and will out rustle the buffalo. At the great dispersal sale, held in Chicago, March 23rd, 1900, of the Wallace, Estill, Aberdeen Angus cattle all previous records were broken. Seventy-two head were disposed of at this sale which averaged \$579 per head. Acclimated, registered, Aberdeen Angus cattle of both sexes, of the finest strains on this continent, for sale at all times, at Indian Springs Ranch, twenty-five miles north of Dickinson, North Dakota.

**Mersure at Points Where Tape  
Shows on Foot.**

Draw the tape as tight as you want the  
boot or shoe to fit and you will always get  
a fit. Stand up and push the heel back  
against the wall and measure  
to the end of the toe to get  
the length.

**O**WING to the advance in the price of leather, and the demand for finer work, prices are slightly advanced over the catalogue prices. We are the oldest house in the Missouri valley who caters to the "Cow Man's" trade direct. If the boot or shoe does not fit, please send it back. We don't want you to keep them. As our previous work has always shown, we work nothing but the best grade of leather. Have you corns, bunions, ingrown nails, or a crippled foot? Let us make your boots or shoes for you; we make a specialty of this class of work.
